

Unleash your digital potential with

International Tech Cooperative Network

Hi! We are Patio

An international network of tech cooperatives, brought together by a shared commitment to technologically-driven social innovation. We unite to provide creative, diverse, and innovative solutions to meet all the challenges we face today.

We're organized as a self-managed worker-owned community with 1500 representatives from 21 countries, having more than 85 cooperatives involved and delivering over 2000 projects.

Do You Want to Join Us?

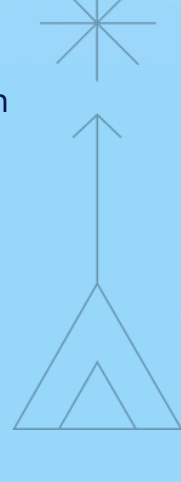

If you are an **ICT co-op**, you can be part of our community! By joining us, you'll access:

- A Supportive Community**
Compassionate, inclusive, welcoming, and focused on professional growth.
- Business Scalability**
Promotion of initiatives at a local level, and joint efforts on a global scale.
- A Platform to Intercooperate**
Global business opportunities, collaboration with other co-ops, team complementation.
- More visibility**
Outreach and a platform where you can showcase your services and products and make your co-op more visible.

Do You Want to Become Our Strategic Partner?

If you are an **organization or company**, you can create a bond with Patio! You can announce that you have a strategic alliance with the biggest technical community with the benefits of:

- * **Staying Ahead:** Access the latest best practices in digitalization and AI.
- * **Free Consultations:** Tailored advice for your digital journey.
- * **Exclusive Webinars:** Knowledge exchange and networking with industry leaders.
- * **Network Access:** Guaranteed responses within 24 hours.
- * **Prominent Presence:** Feature on our website, at conferences, and in Patio materials.

Do You Have Technical Needs in Your Organization?

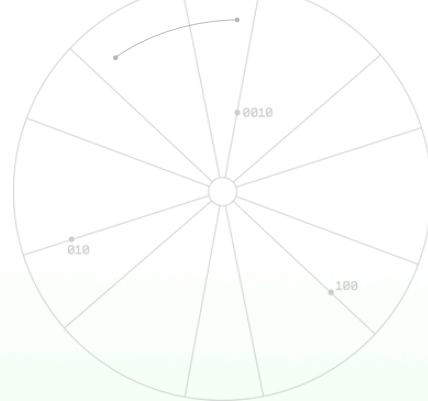

Patio is a **tech ally** for you and your entire ecosystem. We provide in-depth expertise in devising customized software solutions. Our objective is to enhance operational efficiency, modernize technological systems, and embark together on a sustainable journey of digital transformation. As a tech community, we offer:

- Digital Transformations**
Experienced and consistent support with the automation of your processes and the development of bespoke solutions.
- Consultancy & Workshops**
We are your thinking partner when you need product or business strategy, engineering tinkering, consulting, or coaching.

Our Domain Expertise

Our key specialty is producing high-quality digital solutions.

- Data Sharing**
Transparency, accessibility, security, privacy, interoperability.
- Mobile, Web, and Desktop App Development**
Translation, compatibility, performance.
- Communications**
Design, content, and audiovisual production to take your brand to the next level.
- Machine Learning and Large Language Models**
Intelligence, accuracy, customization

Why Work With Us

We support our partners by covering the entire lifecycle of technology implementation. We focus on digital transformations that also transform businesses and organizations.

By hiring us, you'll access:

- Scalable Teams**
Flexibility, growth, and adaptability.
- Diverse Skill-sets**
Versatility, expertise, and completeness.
- Global Reach**
Continuity, responsiveness, and speed across a wide span of time-zones.
- Collaborative Innovation:**
Creativity, progress, and efficiency with the longest-standing and the latest technologies.
